Customer Reviews

As a Nursing Assistant Instructor, this very updated textbook is pleasing to the eye, easy to read, excellent illustrations and chapter reviews. The workbook has crossword puzzles and other game and FUN related activities for the students to interact and learn together in class. A great Deal! IF you are a student or a teacher, DON'T delay, order right away.

I am a Nursing Assistant who was first certified 12 years ago with the Third Edition. I was impressed then how wonderfully-illustrated and easy-to-understand this text was. It made learning a new skill that much more easy. Now that I'm supervising refugee and immigrants as they learn the ropes of the profession, I am again using the book to assist in explaining the processes that are second nature to me. It will help them gain the flavor for what I am passionate about and hopefully inspire

them to become nursing assistants too. I can't wait to see the newest addition!

Item is a textbook - it had good images and instruction. The information was current and it was helpful when caring for my mom at home.

i bought is book for cna training and found it very helpful!!! the illustrations and step by step procedures are great... am just not very sure anyone bothered to leaf through the book before mailing it i found a couple dried roses, leaves, and note cards as soon i cracked the book open

The text book i recieved was a excellent book i brought it to refresh my memory on nursing assistant and i picked the perfect book at a wonderful price that nobody can beat i love this book and For having it.

I purchased this for a friend of mine who didn't have the money to do so. I got a great price and the book was in good condition. Arrived fairly quick also. Thanks

Not what I was looking for. Needed something to help caretaker do things easier. This was more technical and didn't help.

I really like this book it's very detailed and it covers everything and more I feel like I could ace my cna with this book
