# Alice In Wonderland And Through The Looking Glass

Alice in Wonderland

Through the Looking Glass

## **Synopsis**

This book-entertaining for both adults and children-follows the fantastical adventures of a little girl named Alice who falls down a rabbit hole into a nonsensical world full of peculiar creatures. She returns to that world six months later through a mirror. --This text refers to an out of print or unavailable edition of this title.

Best Sellers Rank: #36 inÂ Books > Literature & Fiction > Action & Adventure > Classics #179 inÂ Books > Audible Audiobooks > Fiction & Literature > Classics #342 inÂ Books > Audible Audiobooks > Fiction & Literature > Action & Adventure

## **Customer Reviews**

My first exposure to Lewis Carroll's classic children's story was through the 1951 Disney film adaptation "Alice in Wonderland," which I watched repeatedly as a child. The creative quality of the story never failed to fascinate me, and I kept going back despite my deep-rooted terror of the frightful Queen of Hearts, who always gave me nightmares! However, it was not until recently, as an adult, that I ever picked up the book/s upon which that film was based. In some ways I wish I had read it when I was younger, as the book certainly makes a great deal more sense than the movie does (as much sense as a story of this sort can, anyhow), but thankfully this book is unique in that it is just as enjoyable for adults as for children. The story is actually spread across two books, here contained in a single volume. "Alice's Adventures in Wonderland" was first published in 1865 and relates the events that take place after young Alice falls asleep during her lessons and dreams of following a white rabbit down a rabbit hole. Alice encounters all manner of strange creatures in her dream, and finds herself in all sorts of curious predicaments where common sense fails and the nonsensical comes to be expected. There is no central, concrete storyline, but rather Alice moves

rapidly from one bizarre situation to the next before waking once more and relating the whole adventure to her sister. The second of the two books, "Through the Looking-Glass and What Alice Found There," appeared in 1871 and is very similar in nature to the first, though having a slightly different plot. Here Alice steps through an ordinary looking-glass one day, only to find herself in a world where, if you wish to get anywhere, you must walk in the opposite direction!
