Synopsis

See Me: Story by Nicholas Sparks - A Full Summary! See Me is new book, written by Nicholas Sparks. This book, as well as his previous work, are distinctive for Sparks's own special formula, where he successfully creates two, seemingly unconnected characters and then brings them together by, what seems to be pure coincidence and those characters then immediately fall in love. See Me is a book about two main characters- Colin Hancock and Maria Sanchez and their romance that seems to blossom overnight in, what appears to be a typical "love at first sight" cliché. Even though this may seem too predictable, this is exactly what Sparks's fans love about his books. New breath into the story plot is an involvement of an unknown stalker. This is also twist in the story, filled with tension and thriller, something that, although unexpected from Sparks, is still welcoming change in storytelling by this author. Overall, See Me is a novel that most of readers will enjoy reading, because it has likeable and simple characters and sweet, tender love story. But besides sweetness that undoubtedly lies beneath the surface of this book, another great element that makes this book even better and even more enjoyable to read is his new element of thriller and suspense, something readers will most definitely like. Here Is A Preview Of What You Will Get: In See Me , you will get a detailed summary of the novel In See Me , you will find some analysis to strengthen your knowledge about the book In See Me , you will get some fun multiple choice quizzes, along with answers to help you learn about the novel. Customer Reviews

Colin Hancock has been a very bad boy in the past. But those days are behind him now as he works hard at college to earn his teaching degree. He has turned over a new leaf who intends on being on the right side of the law not only because one wrong move could land him back in jail but also because he fully intends to become a teacher to be able to guide young minds and keep them from going down the road he is now recovering from. He is pretty sure that things are on track for him until he meets Maria Sanchez one rainy night. As their paths cross again, they cannot help but feel the attraction between them. But the new and still fragile relationship that starts to grow between them has to stand the tests of time. Maria is from a completely different background. She is the daughter of Mexican Immigrants and has worked very hard to get where she is. She is a hard working lawyer with her eye on being made a partner. Her parents' disapproval of Colin is a small problem compared to what they have to face when Maria's dark past rears its ugly head. Can Colin take the risk of trying to save her when it could easily land him in jail again? Can they stand together and still love each other after everything? Nicholas Sparks was starting to become too predictable. I mean romance in itself is a genre where things are basically always predictable, but in his case even the flow was starting to become unsurprising. So when I found out that *See Me* is a Romantic Suspense, I was ready for a new reading experience. As always, the author has built up his characters beautifully. With most of the background of both Colin and Maria being shared at the beginning, it was easy to get close to the characters. Their growth over the novel is immense.
