Essential Readings In Canadian Constitutional Politics

Synopsis

Essential Readings in Canadian Constitutional Politics introduces students, scholars, and practitioners to classic authors and writings on the principles of the Canadian Constitution as well as to select contemporary material. To complement rather than duplicate the state of the field, it deals with the Canadian Charter of Rights and Freedoms and with Canadian mega-constitutional politics in passing only, focusing instead on institutions, federalism, intergovernmental relations, bilingualism and binationalism, the judiciary, minority rights, and constitutional renewal. Many of the selections reverberate well beyond Canada's borders, making this volume an unrivalled resource for anyone interested in constitutional governance and democratic politics in diverse societies.
