Customer Reviews

I had read a couple of Ludlum's books and realized that each of them were from different series and not the first one of those series. With this booklet I was able to purchase the books in the correct order for each series and as a bonus, I discovered other series written by the author. If you want to read the series in the order of publishing by any author I highly recommend you purchase the series reading order booklets.

title should be Robert Ludlum and company as all the books listed are not written by Robert.. it is a little helpful

As stated, this is simply an ordered listing of the Robert Ludlum books.

The book is fantastic, it lists in order all the books written by Robert Ludlum, and other writers since his death. The books are listed by broad category or by character. If you like Ludlum or his characters, this book is a must read.
