## **Customer Reviews**

This is a book my daughter needed for one of her college courses this past semester! It has a lot of pages and they are like an onion skin type of paper. The book was very helpful to her and all of her classes. I would recommend for others!

How is it, in the year 2016, it is impossible to get a reasonably ubiquitous university textbook in electronic form? Norton...get your digital game on!

As far as the writing goes, I think this is a very well put together edition of the Norton Introduction to Literature. The writing and format is smooth, easy to read and understand. I've used earlier editions in different classes but I think this one has to be my favorite. Price wise, it's expensive to buy but has a relatively cheap rental price available.

I received this book and about a chapters worth of pages in the middle were still sealed on the bottom edge! I had to cut the paper myself. this book needs better quality control.

Got the wrong edition, I'm supposed to get the blue cover. But I can't return, probably because I rent it.

Very good book, I needed this book for my english course. Good anthology.

Good buy

Item just as described.
