Stop The Coming Civil War: My Savage Truth

Synopsis

In his trademark in-your-face style, bestselling author and top conservative talk-show host, Michael Savage has a lot to say about the state of the country in STOP THE COMING CIVIL WAR.

According to Michael Savage, OUR NATION IS IN REAL TROUBLE and the seeds of a second conflagration have been sown. Not between the states - but between true patriots who believe in our nation's founding principles and those he believes are working every day to undermine them and change the very nature of the country. Michael Savage is convinced we face more than just political differences. He believes the split between right and left is possibly irreparable - unless we understand what's really happening and how we must act to stop it. This fervent warning offers the Savage truth - a call to action in the voting booth - in order to defend the freedoms our Constitution so brilliantly established.

"I fear the worst. Right now Americans are angrier and more divided than I've seen them since the 1960's. What fires this rage is that we've become a post-Constitutional society."It crystallized in my

mind in August 2008 when I first heard the venomous rants of Rev. Jeremiah Wright and some of the other radicals surrounding Democratic nominee Barack Obama on a radio talk show. I turned to the young man working next to me and mumbled "These people are planting the seeds of a civil war in this country." Sadly, nothing I have seen or heard during the six years of the Obama administration has changed my mind one iota. Michael Savage has been an outspoken critic of the Obama administration and worries that the American people are dangerously close to the breaking point. He lays out his case in an explosive new book "Stop the Coming Civil War: My Savage Truth". While not as gifted a writer as Mark Levin or Pat Buchanan, Dr. Savage does a workmanlike job of presenting a cornucopia of well-documented evidence to support his contention. Furthermore, Savage insists that our esteemed President knows precisely what he is doing and has precious little regard for the Constitution, due process or the rule of law. The situation we are all living through is unprecedented in the history of our nation. According to Savage, Obama has succeeded in dramatically weakening our military. He has accomplished this by tossing aside top brass who do not agree with his worldview. Furthermore, his steadfast refusal to control the nation's borders has put our nation at risk for terrorism, increased crime and made us much more vulnerable to a whole host of diseases. The Ebola outbreak is only the latest example.
